(Continued from Page Eight)

against nine for the Braves, yet won out chiefly because of the inability of Riden to stop the base runners. Ten stolen bases comes pretty near being a record for the big league. Kling at his worst was a thousand per cent better than that.

Just see what the Phillies can do when every man is in shape and the team working in harmony. Now if the hoodoo of injured players only holds off Doolin may finish in the first division if not at the top. That team is logically the pennant winner. With Fogel out of the way the club is bound to play better than last year, injuries or no.

Only the great base running of this team makes it possible for Blossom Marquard to win his first game. Those Giants can win more games on less hits than even the old White Sox. Looks like another phenom has exploded. The time is near, of the Cards. What Pittsburgh did to him in that fatal seventh is a burning shame. Those twelve hits for the Cardinals looks as if Adams eased up when he had the game won.

Stop Kansas City! Is the cry in the American association. They received a temporary setback in Sunday's game with Columbus but got sweet revenge yesterday. Charlie Carr is hitting like another Ty Cobb and it is going to be no easy task to head off the Kaws. Your Uncle Heine Zimmerman will be the league batting leader on condition that he maintains the terrific pace that he assumed yesterday. Four hits in one game looks as big as a barn in the future.

What a game Archer is playing. That man comes near being the most valuable man to his team of all the players now in the game. If he don't get a Chalmers next autumn it will be an injustice. At the way Mike Mitchell is hitting, Sheckard will soon be but a memory in Chicago. Ward Miller is also proving his worth as a pinch hitter. Now if those Cubs will only continue to play ball and pile up the wins everybody will soon be back in line and rooting for 'em.

Its getting scary the way those much touted Sox are wobbling. Even the Big Smoke, Walsh, got his good and plenty at the hands of the rampant naps. Their defeat by Detroit Monday was a real shock to their admirers.

The Athletics evidently have the Red Sox number this year. If that is the case the race should be between the Athletics and the Senators. The series between these two starts April 26 at Philadelphia. Look for an even break.

Mack's faith in Pitcher Houck seems about to be rewarded. He twirled in impressive style yesterday. Plank has not rounded too yet. It is a little too cold for him to do his best work yet a while. If the way Mike Mitchell is hitting, Sheckard will soon be but a memory in Chicago. Ward Miller is also proving his worth as a pinch hitter. Now if those Cubs will only continue to play ball and pile up the wins everybody will soon be back in line and rooting for 'em.

President Lynch is after the umpire baiters and kickers with a sharp stick. Pletz has been set down with a fifty dollar fine for his run in with Umpire Brennan and Doyle drew a three days suspension. The sooner the players learn that Lynch means business the better.

**"BUCK" SIMS TO PLAY WITH

**Sends Telegram Accepting Contract,  
to Herbert Monday Afternoon.**

Edwin Sims, more familiarly known as "Buck," has broken into professional baseball and expects to leave in a few days to join Jack Herbert's bunch of ball tossers at Pekin, of the Illinois-Missouri league.

"Buck" has been twirling the pill for local amateur teams for some time and is recognized among local fans as one of the best amateur pitchers in the city. He has a good variety of twisters and is bulky enough to put plenty of steam behind a ball to keep batters from coming in. For the past week he has been practicing with a local team in order to get into condition.

A few days ago he received a letter from Herbert asking him for a year contract and Monday afternoon Sims sent a telegram to Herbert accepting his offer. "Buck" has a large number of friends in Jacksonville and will carry with him their best wishes for a successful career as a ball tosser.

**MR. BROWN TO GET APPOINTED.**

According to political correspondents from Washington, William Brown of Chicago is almost certain to secure a federal appointment as the Wilson administration. He was one of the original Wilson men in Illinois and did a good deal of campaign work. The fact also that he is a brother-in-law of Edward F. Goltz, national committeeman and trustee of Princeton university, will not be any disadvantage to him in this connection.

**ELGIN BOY CONFESSES  
TO MURDER OF THREE**

**Herman Coppes, Paroled From St. Charles School, Admits Killing Mrs. Sleep and Two Children.**

Elgin, Ill., April 21.—Seemingly unable to comprehend the horror of his crime, Herman Coppes, 14 years old, laughter yesterday as he confessed to the murder of Mrs. Manny Sleep and her two children, whose bodies were found in a cistern beneath the kitchen of the Sleep farmhouse, five miles west of this city.

Coppes was paroled from the St. Charles School for boys six months ago and Mr. Sleep, husband and father of the victims, was his benefactor. Only once during the day the boy gave any evidence of remorse for his crime, and that was when Sleep entered the cellroom of the Elgin police station. The police, thinking that Sleep would seek to wreak vengeance on the slayer, searched him carefully and accompanied him to the cell. When he saw the cowering boy, Sleep drew back in horror and for a moment seemed unable to speak. Finally in a shrill he cried: "Aren't you ashamed of yourself? How could you kill those poor babies? Haven't you any conscience?" A wailing cry was all that the answer that the boy would give.

The boy gave no motive for the crime, only once he said that the killing followed a quarrel with Mrs. Sleep. He said he returned from school Monday afternoon. He took off his coat and hat and when Mrs. Sleep asked him if he was hungry he pulled out a revolver and shot her, he said.

The children, Sarah 4 years old and Orville, aged 2 years, scurried under the kitchen table. The mother ran into the pantry, pulling the door shut after her and the boy shot at her through the panel. He then followed her into the parlor she fell, and he sent three more bullets into the prostrate body. The two children peered through the pantry door he took a hatchet and ended their lives, then taking the three bodies and throwing them into an empty cistern under the kitchen, filled his revolver again and emptied its chambers into the bodies. When Sleep and another paroled boy returned from seeding oats the boy told them that Mrs. Sleep had gone to a neighbors and would not return until late. The fact that Coppes carried the revolver to school last Monday led to his arrest.

**RAILROAD WAGE CONFERENCE.**

New York, April 21.—In railroad circles the hope is expressed that before the end of the present week the wage controversies that have been pending for months between the eastern roads and their employees will be in a fair way of reaching a satisfactory settlement. The arbitration board that has been considering the demands of the firemen is expected to submit its report Wednesday. Tomorrow a committee representing the railroads will meet in conference here with the heads of the Order of Railroad Conductors and the Brotherhood of Railway Trainmen to settle the wage demands of these two organizations. These demands were presented last January. They are said to be for standard wage rates for men performing the same service on roads of similar grade, and to include a demand for a 15 per cent increase.

## ANNUAL MEETING HELD OF LITERARY UNION

Delightful Program Follows Banquet Held at Colonial Inn—Judge Charles A. Barnes, the New President.

The 49th annual meeting of the Literary Union was held Monday evening at Colonial Inn. Forty guests sat down to the splendid banquet and at its conclusion a program of addresses mingled with musical numbers was heard with delight and interest.

The banquet consisted of a menu of ten courses elegantly served. The table was beautifully decorated in yellow and pink by the use of flowers and shaded candelabra, making a most inviting scene.

The first number on the program was a piano solo finely executed by Mr. Donald Swarthout followed by the annual address and report by Dr. David Reid. Instead of giving the usual routine of happenings the Doctor branched off in a humorous way showing the foible qualities of the members present.

Dr. T. J. Pitner gave his address as retiring president after which he introduced the new president, Judge Charles A. Barnes, who made a most appropriate address.

After a violin selection by Mr. Max Swarthout, which was greatly enjoyed the principal address of the evening was given by Dr. Charles A. Rammelkamp, on the subject "Value of the Study of History." The address was most comprehensive and heard with especial profit.

Dr. Carl E. Black read a number of letters from members who were unable to be present. The committee on arrangements for the banquet was Dr. Carl E. Black, chairman; E. F. Baker and W. E. Veitch.

The following was the election of officers:

President—Judge Charles A. Barnes.

Vice-president—Hon Thomas Worthington.

Secretary—Miss Frances Wood.

Next year will be the Semi-Centennial of the Union and the members are looking forward to a celebration most fitting the fifty years of the organization's history.

The following were those present: Dr. and Mrs. T. J. Pitner, Dr. and Mrs. C. H. Rammelkamp, S. H. Capps, Miss Louise Capps, Judge and Mrs. O. P. Thompson, Dr. Josephine Milligan, Mr. and Mrs. M. L. Swarthout, Miss Alice Wadsworth, Prof. and Mrs. J. G. Ames, W. E. Veitch, Miss Frances Wood, Hon. and Mrs. Thomas Worthington, E. E. Crabtree, Judge and Mrs. M. T. Layman, Dr. and Mrs. E. F. Baker, Dr. Grace Dewey, Mr. and Mrs. W. S. Camp, Dr. and Mrs. Carl E. Black, Dr. J. C. Widenham, W. D. Wood, Dr. and Mrs. A. B. Morey, Mr. and Mrs. A. T. Capps, Judge and Mrs. Charles A. ## COUNCIL LONG IN SESSION MONDAY

VARIOUS PROBLEMS PRESENTED FOR CONSIDERATION BY CITY COUNCIL.

Barbers Want All Shops Closed On Sunday—Will Oppose Utility Bill Before Legislature—New Pump Needed at Pumping Station—Report Made on Street Lamps.

A committee of boss barbers of the city attended the meeting of the city council Monday morning to advocate the passage of an ordinance designed to put an end to any Sunday work among barbers in Jacksonville. D. T. Hemlich and Gus Opperman acted as spokesmen for the barbers and presented a petition asking that the council pass an ordinance such as has been adopted in Springfield—a copy of this ordinance being attached to the communication. Favorable action in granting the barber's request is looked for. A communication was read from Supt. Brown of the Wabash asking the special cooperation of city officials in stopping boys from train jumping. The council made its attitude known on the public utilities bill which is now pending before the Illinois legislature and which Gov. Dunne is seeking to push through. The Jacksonville council is opposed to this measure especially because cities of this size would be forced to accept the rulings made by such a commission. It is probable that the mayor and commissioners will go to Springfield when the committee hearings are held to voice their protest. Commissioner Brennan stated that 48 lamps out of the 187 in the residence districts are now out of commission and asked the advice of the council as to whether to let the present distribution remain or bring the ones from the outskirts nearer the business district. This matter was left to the judgment of the commissioners. Mr. Brennan also reported the Smith-Vaile pump at the pumping station which has for a long time had a crack in the top is now also cracked at the bottom and that a new pump would cost \$4,700.

The council met at 2 o'clock to canvas the vote cast in the recent election. All the poll books but one were canvassed but the book from one district in the second ward was sealed up with the ballots and the council was uncertain as to its right to proceed to extract the book.

**Want All Shops Closed.**  
The committee which attended the regular meeting of the city council Monday morning to represent the boss barbers of the city in advocating a law to prohibit any Sunday barber shop work in Jacksonville, asked the passage of the same law now on the Springfield statute books. This petition is signed by Piepenbring, Haney and Co.; Graubner and Lair; Charles A. Rose; Rollings and Briscoe; G. E. Pierson; Amos May; Fred DeFreitas; W. J. Gray; Otto Eckles; Louis Leurig; James H. Butler and D. H. Slater. Its purpose is to close the Dunlap and Pacific barber shops. Speaking for the committee D. T. Hemlich gave something of the history of Sunday closing of barber shops as he was identified with the first movement looking toward Sunday closing here. He said that when the law went into effect it resulted in a great improvement in the class of barbers in Jacksonville. He said that prior to that date that a good many of the barbers were dissipated and that later on they came to number among the good and reliable citizens of Jacksonville.

Mayor Davis said he believed it was the sense of the council to accord with the wishes of the boss barbers and mentioned a city ordinance which he thought would cover the case. City Attorney Thompson was present and said that the Springfield ordinance varied only slightly from the one on the statute books of Jacksonville, but he would want to look into it to make sure before deciding positively that the present ordinance was sufficient. The matter was settled for the present by the statement that Mr. Thompson would immediately look into the case and give an answer within a week. Mayor Davis mentioned that in case of a new law that it would take about 60 days to permit of its passage and being effective.

Mr. Pratt read a communication from C. E. Brown, Supt. of the Wabash, stating that safety committees from various localities were operating in connection with the Wabash in an effort to break up the dangerous practice of boys playing in railroad yards and jumping on, and off trains. This communication was referred to Commissioner Engel, who said he would be glad to take it up with them especially from the fact that he had written several times to the Wabash with reference to the Johnson street crossing, and had thus far failed to receive any answer.

The communication from W. J. Spaulding of the Springfield commission with reference to the utility bill now pending was read. Mr. Knollenberg thought it would be a good plan for the council to go on record as showing its opposition to the Utility Bill and thought it might be well to pass a resolution to be sent to Springfield.

**Opposed To Utility Bill.**  
Mayor Davis said that he had arranged to send City Attorney Thompson to Springfield, to enter a protest on behalf of the City of Jacksonville whenever a hearing is had before legislative committee. Further Mayor Davis said that from his own standpoint he was opposed to any kind of a utility bill as he believed that cities, small and large, were better fitted to cope with utility questions than a board of three state officers could be.

Mr. Newman was in favor of the mayor and commissioners going to Springfield themselves for committee hearings and he thought that something could be accomplished in this way. He said he would be

in favor of the city paying railroad and hotel expenses for the officials, but no extras.

A communication was received asking the mayor to appoint commissioners from Jacksonville to represent the city at the Peace Conference to be held in St. Louis, May 1, 2, and 3. On motion of Mr. Knollenberg it was decided that the mayor appoint commissioners they to pay their own expenses. The mayor said he would make the appointments at once and named Commissioner Newman, F. E. Farrell, G. E. Dwyne, E. F. Johnson and J. W. Walton. There was one other man in the room at the time and probably the mayor could not for the moment think of the gentleman's name or there would have been one more delegate.

A letter was read from F. W. Buffum urging the council to make what effort is possible to have a proposed National Road run through a route including Jacksonville, and Louisiana, Mo. Mr. Buffum who is a prominent and wealthy resident of Louisiana set forth reasons to show why it is reasonable that this road should so be routed. It was the sense of the council that a letter be written to Congressman Ralney asking him to use his influence in accomplishing this end.

**Suit Against City.**  
The clerk read a summons which had been served upon him showing that the city is being sued by W. E. Stout who is represented by Messrs. J. Marshall Miller and Wm. N. Hairgrove. Mr. Stout maintains that he was injured November 5th, on the corner of a defective crossing at the corner of Sherman and Epler streets.

Mayor Davis reported with reference to the South Main street sewer that as there were no deferred payments that the fifty dollars collected for interest should be returned to the property owners. On account of a deferred Journal Co. bill against the fund which was not taken into account when the total costs were figured, there remains \$16.21 in the fund and he said it would therefore be necessary to draw a warrant from the general fund for \$39.79 and authorize the treasurer to make the refund. Mr. Knollenberg was opposed to taking the sum from the general fund but the council voted that this was the proper method to handle the matter.

Mr. Newman brought up a matter relating to Rosedale addition which was platted from the Worthington property and a street dedicated to the city by Walton Brothers. He said that in the land dedicated there was no reservation made of certain trees and that it seemed that afterward Walton Bros. had sold these trees to H. S. Rayborn for \$25.00. He said that he thought that Mr. Rayborn should look to Walton Bros. for the money as the city would not at this time consent to having the trees removed. The matter was referred to him with power to act.

Commissioner Brennan then brought up the matter of street lighting and presented a list of defective lamps showing that 48 out of 187 in the residence district are now out of commission and that others are being added to the list almost every day. He wanted the advice of other commissioners as to the best course to pursue about leaving the lamps distributed as they are, or bringing them in closer to the business districts. It seemed to be the sense of the council that it would be better to attempt no new distribution of lamps as they thought it better to have the lamps scattered about than it would be to have part of the city well lighted and the rest of it in absolute darkness. However, the matter was left to the discretion of Mr. Brennan, who said that his desire was to give the best possible service to the citizens and tax payers with the equipment at hand.

**New Pump Needed.**  
Mr. Brennan then called attention to the condition of the Smith-Vaile pump although he was not ready to make an absolute recommendation. He expressed the opinion that the water company would not be ready to pump water June first according to their agreement, judging by the progress thus far made in the matter of repairs. He said however that it was his understanding that the council would keep the pumping station in repair for emergency uses even if the water company were able to furnish water as agreed upon and said further that the city would certainly need to have its equipment in good shape at the time the 18 months contract expired. Otherwise the city would be in poor position to make a favorable contract. He said that an expert from the factory has thoroughly examined the pump some months ago and that the estimate for re-building and repairing it was \$3,700, just a thousand dollars less than a new pump would cost. If the bond issue had carried and the new light plant was to be installed it would Mr. Brennan plan to put in an electric pump at the pumping station as the city, under those circumstances, would have the current sufficient. This plan would have lessened the cost of the operation at the pumping station as it would have done away with coal hauling to the station and possibly one man less on the pay roll. The commissioners however agreed with Mayor Davis and Commissioner Knollenberg that it would not be at all feasible to have an electric pump and buy current from the Jacksonville Railway and Light Co. as the cost would be more than the returns from water rentals. After some further discussion in which it was stated that the inspector for insurance companies had postponed a redistricting for Jacksonville until June 1st, with the expectation that the city would then be receiving its supply from the water company or would have a new pump installed, action was postponed for a short time pending further recommendations from Mr. Brennan.

**Light Plant Reorganization Taken.**  
Commissioner Newman said that he had opposed the light plant because he thought it best to defer all action along this line until about July 1st, when he thought it would definitely know whether the bill would pass allowing cities to do commercial lighting. He said if such a

bill did pass that there would be no trouble in passing a bond issue in Jacksonville because the city could sell electric light at a third less than it is now produced, and at the same time to get city lights for practically nothing. He said that if such a bill did fail of passage that he was in favor of organizing a local company to lease the city plant, and to furnish lights for private consumers. He said that he could easily raise a sum of \$50,000, for such a purpose and that it could be so arranged that the city would get back its plant at any time and that meanwhile investors would be getting 7 per cent on their money and the city lighted at an insignificant cost.

On motion of Commissioner Knollenberg the council then adjourned until 2 o'clock.

At the afternoon session of the council Commissioner Knollenberg presided. The poll books and the tally sheets from all districts but one in the second ward were canvassed and no errors of importance were discovered in the footings. It developed that the poll book from the first precinct of the second ward had been sealed up with the ballots. Mr. Knollenberg made a motion that the box be taken from the envelope and canvassed and this motion was seconded by Mr. Engel but after some discussion it was decided that it would be better to defer action until it was certain that it was legally proper for the council to have the ballots of one district opened in this way. The council then adjourned.

## For Bright Eyes and Clear Nose

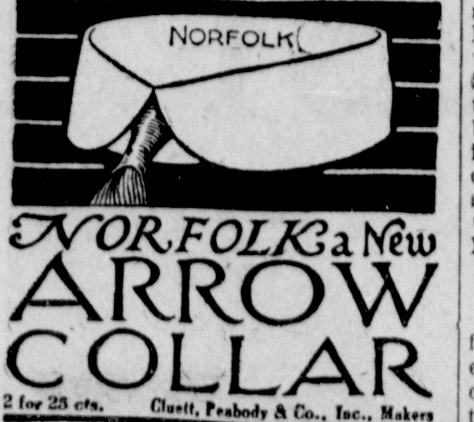

Remarkable Catarrh Cure That Gets Right into the Affected Parts and Stops Gatherings.

S. S. S. is a Wonder for the Eyes, Nose and Throat.

It is definitely known that catarrh can be cured by the simple process of inoculating the blood with antitoxin remedies that stop inflammatory conditions throughout the mucous linings of all the organs of the body. This is done with the famous Swift's Sure Specific, or, as it is widely known, S. S. S. It is taken into the blood just as naturally as the most nourishing food. It spreads its influence over every organ in the body, through all the veins and arteries, and enables all mucous surfaces to exchange inflammatory acids and other irritating substances for arterial elements that effectively cleanse the system and thus put an end to all catarrhal pollution. S. S. S. cleans out the stomach of mucus accumulations, enables only pure, blood-making materials to enter the intestines, combines with these food elements to enter the circulation, and in less than an hour is at work throughout the body in the process of purification.

You will soon realize its wonderful influence by the absence of headache, a decided clearing of the air passages, a steadily improved nasal condition, and a sense of bodily relief that proves how completely catarrh often infests the entire system. You will find S. S. S. on sale at all drug stores at \$1.00 per bottle. It is a remarkable remedy for any and all blood affections, such as eczema, rash, lupus, tetter, psoriasis, boils, and all other diseased conditions of the blood. ## BRYAN IN NEW ROLE; SHUNS SPOT LIGHT

Premier's Self-Effacement Surprises Washington Politicians—Commoner's Failure to Get Jobs for Friends Turns Them Into Foes.

(Globe-Democrat).

Washington, April 21.—The Wilson administration has been under way six weeks now and from the start the eyes of Washington have been focused on William J. Bryan almost as constantly as upon the new figure in the white house. There are some things about Mr. Bryan and his purpose in serving as a cabinet officer that are not yet clear to observers at the national capital, but one or two facts of great interest in regard to the commoner have established themselves.

Col. Bryan started out with the definite purpose of subordinating himself in the present administration, of doing nothing by word or act that would lend color to the charge that he was making the Wilson administration his show. This attitude has gradually become so apparent that it is now well understood among Washington newspaper men that no information may be expected from Secretary Bryan unless the cue first has been given President Wilson.

Mr. Bryan entered the cabinet under the prediction that it would be impossible for him and President Wilson to continue long without a break; that Bryan, with his large following of loyal supporters, would be certain to seek to dominate the administration and to sit in the spot light, and that Mr. Wilson and he would inevitably come to a parting of the ways.

Bryan's harshest enemies in Washington are ready to acknowledge now, however, that he has given them a surprise in the first weeks of the administration. They believed it impossible for the commoner to play a secondary role, but he has played it and played it well, although the performances at times have come pretty close to conveying a suggestion of humiliation.

For instance, nearly every big act of the state department up to this time has been announced, not by Bryan, secretary of state, but by President Wilson. It was the president who drew up and issued to the world the statement defining the relations with South and Central America. It was the president who announced the withdrawal of the United States from participation in the Chinese loan and the end of dollar diplomacy. This announcement by the president was all the more unusual because Mr. Bryan himself had conferred with the interested bankers and apparently had handled the entire matter up to the moment of the issuing of the proclamation.

**Job Hunters Turn on Bryan.** There is another phase of Bryan's service as cabinet officer that has caused comment here. Nearly everybody in Washington believes now that Bryan made a mistake if he expected to advance his political fortunes in 1916 through taking a cabinet job. The fact is that Bryan in the last six weeks has made a lot of political enemies.

The Nebraskans probably more than any other man in the United States has a greater number of political friends—men whom he has met personally in all parts of the country and who have stood by him through sixteen years of disappointment.

Well, in the six weeks since March 4 this host of Bryan friends has been trooping into Washington. Most of them have been looking for offices, and they have gone, not to the white house, but to their dear old friend in the state department. They have found a changer Bryan. They came to the national capital confident that in return for their sixteen years of loyal service they would find the commoner ready to step to the front and insist upon a reward to them; instead he has appeared embarrassed and diffident about urging candidates for office upon the Wilson administration.

What's more, he has not shown any disposition to kick the Republicans out of the consular service and put it back on a grab-all patronage basis. The consequence has been that many of Bryan's old friends have left town disappointed and sore, not at Wilson, but at the commoner himself. A good many of these men have openly aired their grievances in Washington and have vowed that if Bryan ever showed his head politically again they would hit it.

### ONE OF THE D. A. R. FOUNDERS ONCE RESIDED IN THIS CITY

Ellen Hardin Walworth Was One of Three Women Who Stood Sponsor For the New Great Organization.

Only one of the founders of the National Society of the Daughters of the American Revolution survives, Ellen Hardin Walworth, the two others having been Mrs. Mary Desha and Eugenia Washington. Mrs. Walworth was born in this city and she was the daughter of Col. John J. Hardin. For many years after her marriage she lived in New York. When a call came for money to renovate Mount Vernon and to collect money for the women's work of the centennial exposition in 1876 she responded and raised a large sum for the Mount Vernon association.

Ellen Hardin Walworth, as is well known to many of our citizens, was the daughter of Col. John J. Hardin, of this city, and she was probably born in the old mansion which stood about where the west wing of Passavant hospital now is. Col. Hardin was killed at the battle of Buena Vista, Mexico, Feb. 22, 1847, and was buried in our East cemetery, where his monument stands today.

Mrs. J. J. Hardin went east, after his death, as wife of Chancellor Walworth, whose home was in Saratoga, New York. There Nellie Hardin grew to an attractive womanhood, and married Mansfield Tracy Walworth, her step-brother, who was quite an author. He died some years after—about 1870. The Hardins and Walworths were "Old School" Presbyterians. But Chancellor Walworth sent a son to the Catholic college at Georgetown, D. C., after which he became a priest. Mrs. Nellie Hardin Walworth became a Catholic, as her husband probably did. Chancellor Walworth was an elder in the Presbyterian church. Mansfield Walworth and his wife were parents of at least one boy, and probably of a girl.

When the war began Mrs. Ellen H. Walworth's brother, Martin D. Hardin was an officer in the regular army. He was frightfully wounded at the battle of Antietam, became a brevet major general of volunteers, and a major in the regular army after the war. He retired from the army and became a lawyer in Chicago, where he now resides. Mrs. Walworth's brother Lew, went south at the beginning of the war, and fought in the confederate army.

Of late years Mrs. Walworth has been quite prominent in patriotic lines and was here some years ago, working up material for a life of her father, Colonel Hardin. She is a handsome lady of large frame, large heart and fine abilities.

The gathering was formally opened with a reception to the visitors at the Art Institute this afternoon. The regular sessions will begin tomorrow morning and will conclude Friday with the election of officers. Each afternoon and evening the program will include concerts and recitals in which many noted musicians will take part.

### FARMERS PLAN TO USE PARCEL POST

Keen Interest in Collection Feature Which Becomes Effective July 1.

Washington, April 21.—Postmaster-General Burleson has discovered that the new parcel post system is about the most popular of many popular branches of his big department. Hardly a day passes that the postmaster general does not receive approximately 200 letters requesting information regarding various features of the new service.

A great many of these requests are from farmers, who seek information regarding the best way to pack vegetables, butter and eggs for shipment by parcel post. The farmers express a desire to make use of the new service to get their products to patrons in the city, and display keen interest in the collection delivery feature, which will become effective July 1. Recently at least 80 per cent of the letters received have pertained to this subject.

The postmasters of many of the smaller offices of the country report that they are receiving many inquiries about the C. O. D. feature. At the present time the rural parcel post business is proportionately smaller than in the cities. The reason for this, it is reported, is that the people outside of the thickly populated sections are not familiar with the possibilities of the new service. At the present time, it is stated the country merchants in many instances have become wise to the situation and are preparing to go after new business existing on the rural routes radiating from their respective offices.

Since the installation of the new service more than 350,000 sets of zone books and maps have been printed to satisfy the public demand. In many instances boards of trade and commercial organizations have ordered large quantities to distribute among their members.

Has Perfect Digestion From the Use of a Well Known Remedy That All Can Obtain.

The temper of the family and the good cheer around the table, depend so much on the good digestion of each individual present that the experiences of some former dyspeptics who overcame their trouble should be of interest to those now suffering in this way.

The best advice one can give—but it is advice that is seldom heeded—is to eat slowly and masticate each mouthful carefully. However, if slow eating and careful mastication fail the next aid is one close to nature, Dr. Caldwell's Syrup Pepsin. This remedy is an excellent digestant, and in addition to helping in the digestion of the food, acts gently on the liver and bowels, ridding them of the accumulation of waste that should long ago have been passed off. It is safe, reliable, pleasant-tasting, and results are guaranteed.

In the opinion of such people as Mr. L. J. Quinn, 1117 Newport Ave., Chicago, it is the ideal remedy for indigestion, no matter how severe, constipation no matter how chronic, biliousness, headaches, gas on the stomach, drowsiness after eating and similar annoyances.

Mr. Quinn says: "We use Dr. Caldwell's Syrup Pepsin as a family remedy and every member of the family from the 5-year-old, who is the youngest of six children, to Mrs. Quinn and myself use it for stomach trouble, sick headache and to regulate the bowels."

You can obtain Dr. Caldwell's Syrup Pepsin at any drug store for

MR. L. J. QUINN.

fifty cents or one dollar, the latter size being bought by heads of families already familiar with its merits. Results are always guaranteed or money will be refunded.

When you use Syrup Pepsin you will see the fallacy of chewing mints and tablets or of taking cathartics, salts, pills and similar drastic medicines. Unlike these, Syrup Pepsin does not lose its good effect, and by automatically training the stomach and bowel muscles to do their work, soon restores these organs to normal. If no member of your family has ever used Syrup Pepsin and you would like to make a personal trial of it before buying it in the regular way of a druggist, send your address—a postal will do—to Dr. W. B. Caldwell, 417 Washington St., Monticello, Ill., and a free sample bottle will be mailed to you.

## ON THE SIDE LINES.

John Troy Evers seems to be a better manager than Joe Faversham Tinker by a score of 2 to 0. Of course the Cubs would rather take the series from the Reds than win the rag itself.

The Williams and Veatch nine is out for the championship of the minor colleges of the state. They made a good start by defeating Lombard 11 to 1 Saturday. Seven of last year's vets are on the present team. They have a date with Illinois college here May 14.

The Shurtliff-Illinois game to be played Thursday should be a good one. These teams are rivals of thirty years' standing and the games between them are invariably hotly contested. Hammond's men are rounding into form and should give a good account of themselves in this game. It will no doubt attract a large crowd.

Chance is having a hard row to hoe right at the outset of the pennant race. The Yankees meet the Red Sox, Washingtons and Athletics in the order named and these teams finished one, two, three in the race last year, whereas the Highlanders were a bad last. Under the circumstances the People's Leader is doing all that can be reasonably expected of him in fighting these teams to a standstill. The Yankees are no longer looked upon as easy picking and this is something in itself. As yet Frank gets better acquainted with his men and then watch him climb.

Red Corriden has fallen off in hitting which accounts for Al Bridwell being kept at short. The old vet has many a good game in him yet and it is evident that Evers intends to keep him in the line-up as long as the combination is winning.

Weisman, the St. Louis Browns' new twirler, seems to be the find of the year. What is the matter with Boston's catching staff. Look at that game yesterday. New York made but four hits

**A STRONG REFERENCE.**  
A young man recently applied for  
a position with a large printing  
house, and not having a letter of  
reference, offered his bank book. It  
showed a regularity of entries of de-  
posit. It was a very strong recom-  
mendation, indicating character and  
persistence, which finally secured for  
him a good position.

## THE WORLD'S LATEST FINANCIAL AND MARKET NEWS

### LEADING ISSUES MAKE SUBSTANTIAL GAINS

#### TRADING ON STOCK MARKET CLOSES STRONG.

Market was unusually narrow Dur-  
ing Fore Part of the Session—Bid-  
dings Up of Stocks Came in Late  
Hours of the Day.

(By Associated Press)  
New York, April 21.—After sev-  
eral hours of aimless trading, in  
which prices barely moved, the stock  
market became strong, ending the  
day with sensational advances for  
the leading issues. During the fore part  
of the session the market was un-  
usually narrow, and trading dwindled  
to insignificant proportions. The  
bidding up of stocks in the late  
hours of the day was accompanied by  
an increase of business, but the vol-  
ume of trading was not large.

Trading seemed to be stimulated  
by the announcement that the courts  
had granted an extension of time  
for effecting dissolution of the Har-  
rington properties. Government in-  
tervention in the railroad cases now  
before the supreme court was taken  
to mean that final decision in these  
cases would be postponed indefinitely.  
Elimination of the rates cases  
and the Harrington merger tangle  
from the speculative situation as  
disturbing influences for some time  
to come encouraged bull traders and  
in the rise of the afternoon opera-  
tions for long account were carried  
on more confidently. A noticeable  
feature was the security of stocks,  
some issues rising sharply on com-  
paratively small buying.

Money market conditions were stud-  
ied closely in view of the large re-  
quirements for new capital, which  
are pressing. Recent indications of a  
slowing down in some lines of busi-  
ness in the opinion of bankers, may  
point to a lessening of requirements.

## GIRL SUFFERED TERRIBLY

At Regular Intervals—Says Lydia E. Pinkham's Vegetable Compound completely cured her.

Adrian, Texas.—"I take pleasure in adding my testimonial to the great list and hope that it will be of interest to suffering women. For four years I suffered untold agonies at regular intervals. Such pains and cramps, severe chills and sickness at stomach, then finally hemorrhages until I would be nearly blind. I had five doctors and none of them could do more than relieve me for a time.

"I saw your advertisement in a paper and decided to try Lydia E. Pinkham's Vegetable Compound. I took seven boxes of it and used two bottles of the Sanative Wash, and I am completely cured of my trouble. When I began taking the Compound I only weighed ninety-six pounds and now I weigh one hundred and twenty-six pounds. If anyone wishes to address me in person I will cheerfully answer all letters, as I cannot speak too highly of the Pinkham remedies."—Miss Jessie Marsh, Adrian, Texas.

Hundreds of such letters expressing gratitude for the good Lydia E. Pinkham's Vegetable Compound has accomplished are constantly being received, proving the reliability of this grand old remedy.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

### PIMPLY? WELL, DONT BE!

People Notice It—Drive Them Off With Olive Tablets.

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The pimples will vanish after you have taken the tablets a few nights. Nothing ever cleansed the blood, the bowels and liver like Olive Tablets.

Olive Tablets are the only successful substitute for calomel—they oil the bowels; there's never and sickness or pain after taking them.

Olive Tablets, do all that calomel does and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are made of pure vegetable compounds mixed with olive oil.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result. Try them. Take one nightly for a week. Then look at your face in the glass and see how you feel. 10c and 25c per box.

The Olive Tablet Co., Columbus, Ohio.

## ORNELLAS CASE CONTINUED IN COUNTY COURT TO SEPTEMBER TERM

Affidavit Presented Set Forth That Defendant Is In Ill Health—Docket for the Term.

In the County Court Monday Judge Brockhouse granted a continuance in the case of Samuel Ornellas who was charged with liquor selling in anti-saloon territory. Ornellas did not appear himself but his attorney W. N. Hargrove came for him with an affidavit from Dr. J. M. Wolfe stating that Ornellas was in poor health and that he had advised him to take a trip to California. The affidavit stated that the physician had been treating Ornellas for two months for a chronic bronchitis and that he considered his condition was such as to warrant a change of climate necessary. States Attorney Tilton and Chief of Police Davis are very much disappointed that the case did not come to trial as they had some extensive preparations for it. Just when the defendant left for the coast was not known as it understood he was here Sunday.

The case set for to day is the people vs. Sylvanus Scott, wife abandoned. Tomorrow the case of Eugene Wilson against the Clover Leaf Causity Co., will be heard.

"For twenty-one years I suffered with chronic constipation," says C. W. Robinson, of Cordova, S. C. "In May, 1908, it had assumed a more serious form, resulting in indigestion, piles and neurasthenia. Life seemed a burden to me. Two famous physicians and one specialist with their drastic drugs failed to help me. A friend advised me to give Chamberlain's Tablets a trial, which I did, and am pleased to say two bottles of them cured me." For sale by all dealers.

### FOUR GENERATIONS PRESENT

Sunday was a day long to be remembered by that venerable mother in Israel, Mrs. Sarah A. Hill, at her home in Franklin when the children of four generations gathered to join in celebrating her 82nd birthday anniversary. It was a very happy occasion for each one of the relatives assembled and many souvenirs were received by the hostess to assist her in recalling the event and the donors. Of course a dinner was prepared and most heartily enjoyed.

Those of the first generation present were John R. Hill and wife of this city, T. C. Hill and wife of Winchester, Mrs. L. O. Berryman of Franklin, Mrs. Edgar Whitlock of Murrayville and Miss Grace Hill, who lives with her mother; of the second generation two children of John R. Hill of this city, three children of Mrs. L. O. Berryman and three of Mrs. Whitlock of Murrayville; of the fourth generation the five children of Mrs. Everett Whitlock.

Besides those mentioned there was present the sons-in-law Edward Whitlock of Murrayville and L. O. Berryman of Franklin and Everett Whitlock.

## TUBERCULOSIS FACTS.

Ten Per Cent of Deaths in Jacksonville Are Due To White Plague. Many of our citizens do not know or realize that one tenth of the deaths in Morgan county is caused by tuberculosis. The records show it. The per cent is probably larger because the final cause is given when in reality in some of these cases the real cause was tuberculosis.

The dissemination of the knowledge that plenty of pure air is a necessary thing for the consumptive and that it is a great means for the prevention has caused many in Jacksonville to construct out door sleeping porches. They are to be found all over the city. The benefit derived from their use can hardly be estimated.

It is interesting to learn from the visiting nurse about the conditions she finds as she goes here and there about the affected in Jacksonville. It is a great work to carry the knowledge and directions for the cure and comfort the unfortunate. If we are to check this disease among the people of Morgan county, the knowledge of how to prevent, the scattering of the germ must also be imparted to the consumptive.

The knowledge in regard to habits, foods and etc., must be made known and used, even if Dr. Friedman's cure proves a success.

This being a work all should be interested in, one of the best things people can do is to join the society for the Prevention of Tuberculosis and also lend aid in possible to the local society and at Christmas time buy Red Cross seals.

The local society conducts a free clinic.

The local society is affiliated with the state society and the state society is affiliated with the National Society.

### SUIT TO QUIET TITLE.

B. E. Eyre has brought a suit in the circuit court against Anna Simmons. The proceedings are for the purpose of quieting title to a piece of farm property.

### WHY IT SUCCEEDS

Because It's For One Thing Only, and Jacksonville People Appreciate This. Nothing can be good for everything. Doing one thing well brings success.

Doan's Kidney Pills are for one thing only.

For weak or disorder kidneys.

Here is Jacksonville evidence to prove their worth.

Mrs. A. Taylor, 680 South West street, Jacksonville, Ill., says: "In view of my experience with Doan's Kidney Pills, I can recommend them for the purposes advertised. I took this remedy for trouble with the kidney secretions and attacks of back ache. I was relieved in a short time."

"When Your Back is Lame—Remember the Name." Don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mrs. Taylor had—the remedy backed by home testimony. 50c all stores. Foster-Milburn Co., Props., Buffalo, N. Y.

**DRAGGING THE ROADS.**  
The school elections were held all over Morgan county Saturday. In one of the districts one director rode to and from the polling place on a drag. True he had a motive partially selfish because he wanted to drive his automobile that way. There are 107 road districts in Morgan county and there are three directors in every district. Just suppose that all the directors in all the districts had dragged the roads as they went to and from the polls. Wouldn't the roads of Morgan County practically all be in good shape to day?

## TEXAS KEEPS SAN JACINTO DAY.

Austin, Texas, April 21.—Schools throughout the state enjoyed a holiday today in honor of the battle of San Jacinto. Texas is very proud of this day, which recalls the crushing defeat administered the Mexicans after the massacre at the Alamo and at Goliad. Santa Anna was taken prisoner. Sam Houston commanded the Texans. It was through Austin's cleverness that the Mexican army was caught with the impassable San Jacinto river behind them, although the feat of "Deaf" Smith in skirting the enemy's line and cutting the only bridge made the Mexican defeat complete.

## ACCIDENTS OCCUR TO TWO AUTOMOBILES SUNDAY

M. J. Baum of Springfield Runs Into Ditch Under Wabash Subway—Other Motor Notes.

M. J. Baum, who was coming to this city from his home in Springfield Sunday ran his Oakland 45 machine into the ditch under the Wabash subway, and on account of the steep embankment together with the mud in the subway, it took two automobiles to pull the machine out. Benjamin Holkenbrink of the Estaque garage, took a car to the scene of the accident, and with the assistance of William M. Cleary in his Oldsmobile, the car was pulled into the road. Mr. Baum was accompanied by his wife, but neither of them were injured and the car was not damaged.

Bert Young, who drives a Buick tourabout, in passing another vehicle on the road between Jacksonville and Winchester, ran his car into the ditch in such a way that it was necessary to have the car pulled out. The only damage to the machine was a strained left front axle.

William Galloway of Woodson drove to the city Monday in his McFarland Six.

George Hardwick of Merritt drove to the city Monday in his Oakland automobile.

David Estaque drove to Springfield Sunday, taking Miss Deane Obermeyer who brought Mr. Obermeyer's American auto home. The car has been in Springfield all winter.

Sunday saw the exodus from winter quarters of quite a number of automobiles and not a few owners took advantage of the good roads between Jacksonville and Winchester and this city and Springfield.

Ernest Stout and a party of friends made a trip to Springfield and back Sunday in his auto. They found roads pretty good for traveling.

#### Macomb Saloon Man Gets Large Sentence For Illegal Sale of Liquor.

Macomb, Ill., April 21.—Samuel T. Danley of this city, who was convicted on ten charges of selling liquor in anti-liquor territory and sentenced to serve 100 days in the county jail and pay a fine of \$2,000 and costs at the December term of court, filed a bill in the county clerk's office Saturday to show that he was unable to pay his fine and asked release under the pauper act. His case was heard before Judge Gumbart and he was remanded back to jail by the court. He has served the 100 day sentence but will be compelled to work out the \$2,000 fine on the streets of Macomb at the rate of \$150 per day, exclusive of Sundays and holidays. It will require more than four years for Danley to gain his freedom. He began his work on the streets Saturday under the supervision of the superintendent of streets.

Danley formerly conducted one of the largest green houses in the city and as a side issue he manufactured wine from rhubarb and grapes. He has a wife and four children, all of whom claim they are dependent on him for their support, but the court took a different view of the case.

#### WAS IN FLOODED DISTRICT.

Edward C. McClure of Beardstown, who has been in advance of the "Charlton Sisters and Associate Players," a well known eastern stock company, in the city for a short time with his mother, who is soon to undergo an operation at Passavant hospital. Mr. McClure stated yesterday that the show had a good run of forty weeks but was compelled to cancel a month's engagements on account of the terrible floods in Indiana and Ohio. On the morning of March 25 he and the manager of the company were in Hamilton, Ohio, and were on their way to breakfast and the water then was within a stone's throw of the main street and at the Pennsylvania depot the water was six feet deep. The entire troupe hastened to the C. & D. depot and caught the last train out of the city. Mr. McClure stated yesterday that from observation it looked as though it would take years for the stricken cities to recover fully from their immense losses. He will go to Lincoln in the first of May to take up his duties in advance of the "Lewins Stock company."

#### HAS REACHED GOOD OLD AGE.

Joseph Tomlinson, who has been at Passavant hospital for several weeks, will observe his 85th birthday today. Mr. Tomlinson was born in Bridgeport, N. J., and learned the trade of a tailor in Philadelphia. He came to Jacksonville in 1885 and began a long and prosperous business career, retiring but a few years ago. Mr. Tomlinson has served as mayor of Jacksonville and has been honored in other ways and today no long time resident of the city is better known or held in higher esteem. Since his retirement from business Mr. Tomlinson has traveled a good deal and it has been a pleasure to him to spend a number of months each year in the east and in Chicago. Despite his advanced years he was a good traveler until a few months ago and had little trouble in getting about in the big cities.

#### "WOMAN UNDER SOCIALISM."

Address by Mrs. May Waldon of Chicago at Socialist Hall.

The status of women under different stages of society and her place in the Socialist state, was the theme of a lecture at Socialist hall Sunday afternoon at 2:30 by Mrs. May Waldon, of Chicago. Socialists have long recognized the place of woman in our political development. They have declared for equal suffrage in their first platform in 1856 and in every statement of political faith since that time. The place of woman in the earlier co-operative forms of human society was unquestioned. She bore her share of the burdens and participated in all the political, social and industrial activities of the race. It was the change from this co-operative system for one of private production that relegated woman into an economic dependent and took away from her her political rights. It is the re-entrance of woman into industry that demands that she again be possessed of a voice in the affairs of state. The place for her to work for this right is in the Socialist party. In that party she is recognized as an individual, her opinion is valued as much as the opinion of any man. Through that party she may regain ownership of the tools of industry and raise herself to her true position as a free citizen once more.

#### SPOKE OF ORIGIN OF CLASSICAL DRAMA

#### Dr. Tanner of Illinois College Addressed Members of Drama League at Public Library.

The first talk on the drama of Greece and Rome was given Monday evening at the public library by Dr. Rollin H. Tanner of the department of Greek and Latin at Illinois college. This lecture, "The Origin of the Drama," will be followed Tuesday, April 23, by another by Dr. Tanner, entitled "The Development of the Greek Drama." Talks will be given later on the drama in Rome by Miss Mary Johnston. Dr. Tanner said in part:

"Tragedy, like almost every other branch of art and literature, had its beginnings among the Greeks. From very early times in almost every Greek city, there had been yearly celebrations of a mimetic character in honor of their dead heroes. Also at the festivals of Dionysus, there had been dances and songs around his altar, accompanied with gestures and pantomime illustrating the sufferings and adventures of the god. In course of time these songs were performed by a regular chorus whose number was later fixed at fifty by Arion. Arion elevated this chorus to the dignity of a type of literature called the dithyramb. He also introduced the antistrophe arrangement and interspersed his choral songs with spoken verses.

"Tragedy arose from the union of these dithyrambic songs with the old choral songs in honor of the heroic dead. Thespis, who is often called the 'father of tragedy,' added an actor chorus, introduced masks and a dressing booth, and extended the range of subjects to include the deeds of heroes and other gods besides Dionysus. In the latter part of the sixth century and probably under the influence of Pisistratus, tragedy was introduced into Athens and given the chief place at the newly established festival of Dionysus, known as the City Dionysia. At this festival from the end of the sixth century on, the three great tragedies competed each year for prizes offered by the state. The expenses of training and equipping the choruses which formed the principal part of these performances was borne by rich citizens who counted it an honor to be assigned such a duty. These early tragedies consisted of a prologue, probably spoken by the one actor of the play who was also the poet, followed by choral songs interspersed with narrative speeches and dialogues. They were performed out of doors, around the altar of Dionysus, in a circular dancing place called the orchestra. The people sat on the grass on the hill sides or on wooden seats. The only other equipment consisted of a dressing booth near the orchestra. Admission to these performances was free. Other early tragic poets of note were Choerilus, who made improvements in the masks and costumes; Pratinus, the inventor of the satyric drama, and Phrynichus, who invented the historical drama and increased the dignity and pathos of tragedy."

A change in the play to be brought to Jacksonville by the Classical club was announced by Dr. Tanner. Euripides' "Electra," the "Iphigenia in Tauris," by the same author, will be presented. The date is announced as May 28. This play will be given as an outdoor performance on the campus of Illinois college by the Colburn players. Greek costumes and Greek scenery will be used. The words will be Gilbert Murray's translation of this play. The Colburn players have met with excellent success in Chicago and elsewhere with this play which is considered one of Euripides' best.

#### MAKE GREAT PLANS FOR THE ANNUAL SUN COUNCIL

#### Red Men Will Invade Jacksonville May 21—Chicago Paper Tells of Ceremonial Session Here.

Chicago Journal: Members from various parts of Illinois and from other states left Chicago for Nono today after participation in the annual joint class initiation of the united tribes of Cook county of the Improved Order of Red Men.

The event was given under the auspices of the central committee, of which J. A. Knapp is chairman, and was held in Corinthian hall in the Masonic temple. Degree Master M. B. Nagle and the Chicago degree council exemplified the work.

Seventy "palefaces" were in the large class recruited from Austin, Lake View, Pullman and other parts of the city and suburbs.

The hall was crowded with visitors. Among them were H. C. Stuttle, great sachem, of Litchfield, Ill.; O. L. Whitmer, great chief of records, of Springfield, Ill.; Wilson Brooks, great chief of records of the great council of the United States, of Chicago; W. B. MacFarren, great prophet of the great council of Illinois; Robert Steer of Kewanee tribe, an official of the great council, and Henry Nono, of Chicago, member of the board of appeals.

Director Anton Milkau and his Red Men's band of thirty-six pieces gave many musical numbers to enliven the event.

There was jubilation over the success of the campaign for new members and the order was said to be on a stronger financial basis than ever.

Arrangements are under way throughout the state for the next big event of interest to Red Men. It is the thirty-sixth great sun council to meet at Jacksonville, Ill., on May 21, when new and old fraternal benefits of the order will be acted upon. A special car will carry a large delegation from Watseka and another big delegation will go from Joliet. Many other places are making just as elaborate arrangements.
